

CHAMBER OF COMMERCE
OF THE
UNITED STATES OF AMERICA

R. BRUCE JOSTEN
EXECUTIVE VICE PRESIDENT
GOVERNMENT AFFAIRS

1615 H STREET, N.W.
WASHINGTON, D.C. 20062-2000
202/463-5310

June 23, 2015

TO THE MEMBERS OF THE U.S. HOUSE OF REPRESENTATIVES:

The U.S. Chamber of Commerce, the world's largest business federation representing the interests of more than three million businesses of all sizes, sectors, and regions, as well as state and local chambers and industry associations, and dedicated to promoting, protecting, and defending America's free enterprise system, supports H.R. 2576, the "TSCA Modernization Act of 2015."

This bipartisan legislation, which was reported unanimously from the full House Committee on Energy and Commerce, would bring much needed reforms to the Toxic Substances Control Act (TSCA) of 1976.

H.R. 2576 would improve protections for public health and the environment. The bill would also provide clarity for industry and manufacturers to continue economic growth by establishing a new system for EPA to manage and evaluate risks of chemicals; and maintain protection of confidential chemical formulas and business information.

The Chamber strongly urges you to approve H.R. 2576. The Chamber may consider votes on, or in relation to, this bill in our annual *How They Voted* scorecard.

Sincerely,

R. Bruce Josten
